1. Water purification (WP)
2. Carbon Storage and Local Climate (C&LC)
3. Accessible Nature
4. Pollination

Part 1 13:15 – 13:30 Quality Assessment

Do these maps make sense to you? Are they clear in what they are saying, do they make sense. Which scale do they work best at?

Part 2 13:30 – 13:45 The sky's the limit

Go crazy with flipchart sheets and pens to all the uses you can see for these maps

Part 3 13:45 – 14:25 Define Products

From each service can the group come up with 2 products:

Name:

Purpose:

Beneficiaries of product:

To be used by whom:

Description:

Part 4 14:25 – 14:55 Peer Review

Move group: As a group assess and prioritise the proposed products of your new group.

Part 5 14:55 – 15:20 Feedback

Feedback and output prioritisation- closure to event

15:20 Next Steps
